Jeevan Kumar

Signature of Doctor

REGISTRATION CERTIFICATE OF ADDITIONAL MEDICAL QUALIFICATION (UNDER THE PUNJAB MEDICAL REGISTRATION ACT, II OF 1916)

Name Dr. Jeevan Kumar

Father's Name Sh. Vijay Kumar

Qualifications M.D. (Medicine) (B.F.U.H.S.) 2009.

Date & Place of Registration 06.03.2009, Mohali

Address 207, GHS 103, Sector 20, Panchkula

It is hereby certified that the above qualification has been duly registered in the Punjab Medical Reg
It is further certified that he/she is also authorised to practice in the registered specialty.

President

Registrar

IT IS MANDATORY TO DISPLAY THIS CERTIFICATE IN YOUR OFFICE/CLINIC

Curriculum Vitae

Name: Dr Jeevan Kumar

Designation: Senior Consultant, Department of Clinical Hematology & BMT,
Tata Medical Centre, Kolkata

Address: Department of Clinical Hematology & BMT,
Tata Medical Center, 14 MAR(EW),
New Town, Rajarhat,
Kolkata-700160

EDUCATION QUALIFICATION

Degree	Institute	Board/ University
Clinical Hematology & Bone marrow transplant fellowship	Tata Medical Center	Tata Medical Center, Kolkata, India
Doctorate of National Board (DrNB) in Hematology (Gold Medalist)	Sir Ganga Ram Hospital, New Delhi, India	National Board of Examinations, New Delhi, India
MD in Internal Medicine	Government Medical College, Amritsar, Punjab, India	Baba Farid University of Health Sciences, Faridkot, Punjab, India
MBBS	Indira Gandhi Medical College, Shimla, Himachal Pradesh, India	Himachal Pradesh University, Shimla, Himachal Pradesh, India

PROFESSIONAL EXPERIENCE

Period	Name of Institution	Position held
2016-till date	Tata Medical Center, Kolkata, India	Senior Consultant in Department of Clinical Hematology & Bone Marrow Transplant
2014- 2016	Tata Medical Center, Kolkata, India	Clinical Hematology & Bone marrow transplant fellowship
2010-2011	Maharishi Markandeshwar Institute of Medical Sciences and Research, Mullana, Ambala, Haryana, India	Assistant Professor of Internal Medicine
2009-2010	Indira Gandhi Medical College, Shimla, Himachal Pradesh, India	Senior Resident in Department of Nephrology
2008-2009	Indira Gandhi Medical College, Shimla, Himachal Pradesh, India	Registrar in Department of Cardiology
2004-2005	Govt. Medical College & Hospital, Sector 32, Chandigarh, India	Medical Officer in Department of Community Medicine
2002-2003	Govt. Medical College & Hospital, Sector 32, Chandigarh, India	Junior resident in Department of Pediatrics and Medicine

THESIS AND RESEARCH

1. "Cytogenetic and Molecular Profile of Acute Myeloid Leukaemia in India" Thesis completed during the degree of Diplomate of National Board in Hematology. Studied cytogenetics along with FLT3 and NPM1 mutations in 44 AML patients.
2. "Evaluation of the clinical efficacy of Ramipril versus combination of Ramipril and Telmisartan in microalbuminuria in stage-II hypertensive patients" Thesis completed during the degree of MD in Medicine.

PAPER PRESENTATIONS

1. Kumar J, Pincha R, Radhakrishnan VS, Tamboli N, et al. Safety and Efficacy of Bortezomib-Pomalidomide-Dexamethasone (VPD) As Novel Induction Therapy in Newly-Diagnosed Multiple Myeloma: Updated Data from an Ongoing Single Arm Phase-II Investigator- Initiated Clinical Trial (PRIME Study). Blood (2023) 142 (Supplement 1): 6713. <https://doi.org/10.1182/blood-2023-186903>
2. Data of multiple myeloma patients from Indian Myeloma academic groupe (IMAGe) Registry: Indian Myeloma Congress 3rd annual conference -2020
3. Autologus stem cell transplantation in Mutliple Myeloma: experience of a single center from Eastern India. SOHO meeting 2019, Houston, US
4. FISH Analysis using CD138 Positively Selected Plasma Cells in Multiple Myeloma: A retrospective study from India. Indian Myeloma Congress 2018
5. Analysis of chronic myeloid leukemia treatment of a tertiary care center. Leukemia Meet 2017- Lessons learnt from the Leukemia Clinics, Kolkata
6. Analysis of 53 patients with Autologous Stem Cell Transplantation for Multiple Myeloma from a tertiary care center in Eastern India. 16th International Myeloma Workshop, New Delhi, March 2017
7. "Autologus stem cell transplantation in Mutliple Myeloma" presented during Conference of Multiple Myeloma: State of the Art 2016, Chandigarh, India
8. "Cytogenetic and Molecular Profile of Acute Myeloid Leukaemia in India" presented during 54th National Conference of Indian Society of Hematology & Transfusion Medicine (ISHTM)-2013, Mumbai, India.
9. "Bortezomib plus Dexamethasone Induction Followed by Autologous Stem Cell Transplantation in Multiple Myeloma: A Study from India" presented during 54th National Conference of Indian Society of Hematology & Transfusion Medicine (ISHTM)-2013 Mumbai, India.
10. "Expression of CD20 in precursor B-cell acute lymphoblastic leukemia – An analysis of 100 cases" presented during 52nd National Conference of Indian Society of Hematology & Transfusion Medicine (ISHTM)-2011, Chandigarh, India.
11. "Profile of serum immunofixation electrophoresis in Multiple Myeloma – A study in a Tertiary Care centre" presented during 52nd National Conference of Indian Society of Hematology & Transfusion Medicine (ISHTM)-2011, Chandigarh, India.

CLINICAL TRIALS

1. Principal Investigator: A phase 3 randomized, controlled, open-label study of selinexor, bortezomib, and dexamethasone (svd) versus bortezomib and dexamethasone (vd) in patients with relapsed or refractory multiple myeloma (RRMM), Karyopharm [Protocol ID: KCP-330-023]. Study completed.
2. Principal Investigator: A Phase II, Randomized, Parallel, Open-Label Study to Investigate the Safety, Efficacy, and Pharmacokinetics of Various Dosing Regimens of Single Agent Belantamab Mafodotin (GSK2857916) in Participants with Relapsed or Refractory Multiple Myeloma (DREAMM14) : Ongoing study.
3. Principal Investigator: A phase III, multi-center, open-label, randomized study of oral asciminib versus Investigator selected TKI in patients with newly diagnosed Philadelphia Chromosome Positive Chronic Myelogenous Leukemia in Chronic Phase : Ongoing study.
4. Principal Investigator: Myeloma registry- Indian Myeloma academic groupe (IMAGe) Registry [Multicenteric] : Ongoing study.
5. Co Guide for DNB Thesis: Effect of Pomalidomide- Bortezomib-Dexamethasone Induction on MRD status in patients with newly diagnosed Multiple Myeloma (PRIME Study) : Ongoing study.
6. Co Investigator for DNB thesis: Acute Myeloid Leukemia: Exploring the feasibility of Multi-modal-Omics based Genomic characterization, MRD evaluation and Computational drug modelling to inform Disease management : Ongoing study.
7. Co Investigator: A multicentre retrospective medical record review study to describe real –world treatment patterns and safety among patients receiving Rituximab (Mabthera or Reditux) to treat B cell NHL in India : Study completed.
8. Co Investigator: A Phase 2b Open-Label Study of Selinexor (KPT-330) in Patients with Relapsed/Refractory Diffuse Large B-Cell Lymphoma. [Protocol ID: KCP-330-009] : Study completed.

9. A Phase 1/2, Open Label, Multicenter Study to Evaluate the Efficacy and Safety of DRL-1801 in Patients with RRMM (SWASTH). (Principal Investigator)
10. A randomized, 2-arm, phase 3 study of elranatamab (pf-06863135) versus lenalidomide in patients with newly diagnosed multiple myeloma after undergoing autologous stem-cell transplantation (MAGNETISMM 7). (Principal Investigator)
11. A randomized, 2-arm, phase 3 study of elranatamab (pf-06863135) versus lenalidomide in patients with newly diagnosed multiple myeloma after undergoing autologous stem-cell transplantation (MAGNETISMM 7). (Principal Investigator)
12. A Phase 3, Two-stage, Randomized, Multi-center, Controlled, Open-label Study Comparing Iberdomide Maintenance to Lenalidomide Maintenance Therapy after Autologous Stem Cell Transplantation (ASCT) in Participants with Newly Diagnosed Multiple Myeloma (NDMM). (Principal Investigator)
13. An Open Label, Multicenter, Phase IV Study of Teclistamab to Evaluate its Safety in Indian Participants with Relapsed and Refractory Multiple Myeloma who have previously received at least 3 prior lines of therapy including an Immunomodulatory agent, a Proteasome Inhibitor and an AntiCD38 antibody and have demonstrated disease progression on the last therapy. (Principal Investigator)
14. A Double-Blind, Randomized clinical study of the efficacy and safety of monotherapy with BCD-264 and Darzalex® in subjects with Relapsed and Refractory Multiple Myeloma (DARVIVA). (Principal Investigator)
15. A Phase 1, Open Label, Dose Escalation, Multicenter, First-in-Human (FIH) Study Evaluating the Safety, Pharmacokinetics and Pharmacodynamics of Oral AUR112 in Patients with Relapsed Advanced Lymphoma (ADITI-1). (Co-Investigator)
16. A Randomized, Controlled Phase 3 Study of Pacritinib Versus Physician's Choice in Patients with Primary Myelofibrosis, Post Polycythemia Vera Myelofibrosis, or Post Essential Thrombocythemia Myelofibrosis with Severe Thrombocytopenia (Platelet Counts <50,000/ μ L). (Co-Investigator)
17. A Phase 1, Open Label, Dose Escalation, Dose Expansion, Multicenter Study Evaluating the Safety, Pharmacokinetics and Pharmacodynamics of Oral AUR108 in Patients with Relapsed Advanced Lymphoma (ASHA-1). (Co-Investigator)
18. A Phase 3, Multicenter, Randomized, Double-blind, Placebo-controlled Study Comparing the Efficacy and Safety of Golcadomide Plus R-CHOP Chemotherapy vs Placebo Plus R-CHOP Chemotherapy in Participants with Previously Untreated High-risk Large B-cell Lymphoma (GOLSEEK-1) (Co-Investigator)

CLINICAL RESEARCH EXPERIENCE

Indication	Phases	Duration of the	Role (s)	Status of the trial

		Trial		
Multiple Myeloma	III	3 years	Principal Investigator	Completed
Multiple Myeloma	II	3 years	Principal Investigator	Ongoing
CML	III	3 years	Principal Investigator	Completed
Myeloma	Registry	-	Principal Investigator	Ongoing
Myeloma	II	3 years	Principal Investigator	Ongoing
Myeloma	I	5 years	Principal Investigator	Ongoing
AML	Observational/ Analytical	4 years	Co Investigator	Ongoing
Lymphoma	Registry	9 years	Co Investigator	Completed

NIDA Clinical Trials Network

Certificate of Completion

Is hereby granted to
Dr. Jeevan Kumar
to certify your completion of the six-hour required course on:

GOOD CLINICAL PRACTICE

MODULE:

Introduction
Institutional Review Boards
Informed Consent
Confidentiality & Privacy
Participant Safety & Adverse Events
Quality Assurance
The Research Protocol
Documentation & Record-Keeping
Research Misconduct
Roles & Responsibilities
Recruitment & Retention
Investigational New Drugs

STATUS:

N/A
