To,
The Head of Institute,
Institutional Review Board, Tata Medical Center,
14, MAR (EW), New Town, Rajarhat,
Kolkata 700160

Dated: 08/06/2026

Subject: Regarding my submission of Study Protocol for Institutional Review

Respected Sir,

I am submitting my study protocol titled "Comparative Evaluation of FAPI PET-CT, CECT, and Diagnostic Laparoscopy for Detection of Peritoneal Metastases in Newly Diagnosed Gastric Carcinoma: Impact on PCI Scoring and Treatment Strategy" for institutional review and approval.

This prospective interventional study aims to compare the diagnostic performance of ⁶⁸Ga-FAPI-46 PET/CT, CECT, and diagnostic laparoscopy for detecting peritoneal metastases in newly diagnosed gastric carcinoma, while evaluating their correlation with Peritoneal Cancer Index (PCI) scoring. It also seeks to assess the potential impact of FAPI PET/CT findings on treatment planning and clinical decision-making.

For your perusal, I am submitting the following documents:

1. Protocol Summary
2. Completed SOP 4
3. Undertaking by Investigator
4. Trilingual Consent Form
5. Patient Information Sheet
6. Presentation based on my study

I request your support in reviewing these materials and granting institutional clearance for submission to the institutional ethics committee.

Thank you for your time and assistance.

Yours sincerely,
Dr. Shrey Aryan
