

Patient Reported Outcomes and Adverse Event Reporting Implementation Guide

To be used for paper and eCOA

1A-Patient version with full text (including data not reviewed)

Patient instruction prior to completing the PRO:

- Please note: If you are having any severe, or other concerning symptoms, health issues or other concerns, please be sure to discuss these with your doctor or nurse. The answers you provide to the questions are not being directly reviewed by the members of your healthcare team.

Text after the patient completes the PRO(s):

- Please note: If you are having any severe, or other concerning symptoms, health issues or other concerns, please be sure to discuss these with your doctor or nurse. The answers you provide to the questions are not being directly reviewed by the members of your healthcare team.
